

SnapShot PA 2012

The purpose of this survey is to capture the impact that Pennsylvania libraries of all types have on their communities on a typical day. The usage data will supplement the pictures taken on October 15, 2012. Together, the data and the pictures will present a compelling vision of the role of libraries in Pennsylvania.

Once you begin entering data you must complete the survey. You may return to pages previously completed during the data entry session, however, once you exit the survey you may not go back into the survey to change an answer.

Thank you for taking the time to participate!

1. Everyone should complete the first page of the survey which includes general information about your library. You will then be directed to a specific page (academic, institutional, public, school, special).

Library/Organization	<input type="text"/>
College/University or School (if different from Library name)	<input type="text"/>
First Name	<input type="text"/>
Last Name	<input type="text"/>
Position/Job Title	<input type="text"/>
Email Address	<input type="text"/>
Phone Number	<input type="text"/>
County	<input type="text"/>

2. If you are submitting statistics for a day other than October 15, please indicate the date.

MM DD YYYY
Date / /

3. Type of Library

- Academic Library
- Institutional Library (DOC or DPW / DOH)
- Public Library
- School Library
- Special Library
